Made Locally in Ontario and 100% Canadian Owned

Why us?

With a passion for people, and an intimate knowledge of food, our family has a unique perspective into food production and innovation. As a family-run business, we take a caring approach to managing co-workers & customer needs, and in meeting standards and expectations.

Like many businesses in the food industry, family matters. Understanding that beyond blood lines, each employee is part of the family has led to the current success of 2 Leos Food Inc. Everyone works hard together to reach for the goals we set out to achieve.

It is important to us to work with our customers and to share our great line of products. We believe it is important to make safe and quality food, by always remembering that we will only make things we would serve our own families!

We strive together to produce products using real ingredients, source from Canada first and work with local businesses, and are proud to make them all locally!

From our family to yours, we look forward to growing together!

Seafood

The ocean has been the root of tradition for the world's diverse culinary dishes for generations. In the southern regions of Italy harvesting the fruits of the sea have been a staple in traditional dishes. Antica Roma presents you with a Marinated Seafood Antipasto line for a true Mediterranean feast.

Antica Roma Marinated Antipasto

A blend of tender squid, cuttlefish, shrimp and octopus which are carefully prepared by hand, cooked to perfection and tossed in a traditional marinade for a grand taste. It is then hand-packed in canola oil and herbs to satisfy the more sophisticated seafood consumer.

These healthy seafood treats are exquisite when served as an appetizer, in marinara sauce, with pasta, rice or in a salad. Mix it up to create a divine dish.

New Packaging Available!

For many years, our seafood have been a popular for Home Meal Replacement (HMR) counters in retail, restaurants and delis, as well as in banquet events and used in large scale arena events. We offer our product in wholesale size of 2kg and/or 4kg but also they are now available in 800 g and 250 g vacuum-packed trays! These trays are great for HMR counters that have switched course to help prevent possible environmental and biological contaminants from settling on products. Customers are raving about the ease of use, saving retail space and labour from repacking themselves, without compromise to quality or taste!
